PROJECTS

Pokedex — PokeAPI, React.js, Tailwind

<https://pokedex-aidanmcialister.netlify.app/>

A dynamic Pokedex created with PokeAPI, React.js, and Tailwind CSS. It displays Pokemon in ascending order based on their ID using interactive cards. Lazy loading enhances performance, and a search bar allows for quick name and ID lookups.

Coffee Shop Mockup Site — React.js, Tailwind

<https://coffee-shop-aidanmcialister.netlify.app/>

A React and Tailwind virtual coffee shop with multiple pages, allowing you to effortlessly explore the dynamic menu, relax in a cozy blog space, or contact the non-existent owners.
